OBJECTIVES

It is the purpose of West Virginia Wesleyan College to be a Christian college of liberal arts in the sense that its total program is motivated by Christian ideals and principles, and is directed toward the development of competent, cultured, Christian persons.

The College seeks to help each student, in the light of his individual abilities, interests, and needs, to become such a person by attaining the following specific objectives:

1. Ability and disposition to read the English langauge with understanding, and to speak and write it correctly and effectively. (Stressed in total program, and particularly in composition and speech.)

2. Ability and disposition to think clearly, objectively, independently, and constructively. (Stressed in total program, and particularly in mathematics, natural and social sciences, and philosophy.)

3. Ability and disposition to order one's own life in such fashion as to realize the highest possible degree of health and efficiency of both body and mind. (Stressed in total program, and particularly in physical education and psychology.)

4. A broad orientation in the liberal arts, — some understanding and appreciation of the content and value of the main fields of learning and of the major problems of human life. (Stressed particularly in courses prescribed for all students, and distributed widely over the four divisions of the curriculum.)

5. Sufficient concentration in some field, or fields, to constitute adequate preparation for graduate study or immediate entrance into some well considered vocation, such as teaching, the ministry, business, industry, etc. Through its program of testing and guidance the College undertakes to help the student to choose wisely his vocation or profession. Through its instructional program it undertakes to help him acquire the knowledge and develop the skills

PRESIDENT SCARBOROUGH AND STUDENTS

DEAN SCHOOLCRAFT AND STUDENTS

essential to success in his chosen field. (Stressed particularly in courses constituting the student's major and minors, and in the guidance program.)

6. Understanding, appreciation, and experience of the Christian religion, — development and practice of a Christian philosophy of life. (Stressed in total program, and particularly in courses in Bible and philosophy, in college chapel, in student organizations of a religious character, and in participation in life of local churches.)

7. Ability and disposition to be a good citizen, — to participate in, and assume leadership in, socially constructive organizations and activities; and to foster extension of democracy and development of a worthy cosmopolitanism. (Stressed in total program, and particularly in student participation in government, student organizations, and extracurricular activities.)

The College attempts to help its students toward these objectives in the following ways:

1. By providing a faculty of capable teachers of substantial Christian influence.

2. By providing a program of individual guidance designed to help each student make the best possible use of his talents, time, and opportunities. (See Testing Program, Counseling.)

3. By constantly restudying both its own objectives and procedures in order to improve them, and the needs of its students in order to meet them more fully.

ACCELERATED PROGRAM

West Virginia Wesleyan College affords students an opportunity to complete their studies in as short a time as may be consonant with thoroughness. Many students, especially veterans and others whose studies have been interrupted or delayed by World War II, welcome a soundly accelerated program.

By offering two 16-week semesters and two 6-week summer terms annually, West Virginia Wesleyan College

makes it possible for a student to earn from 44 to 48 semester hours of credit per year, and to complete a degree course in three years or less.

Freshmen are admitted at the beginning of any semester or summer term. Students entering on June 4, 1951, and pursuing successfully an accelerated program, will be graduated in January or May, 1954; those entering September 14, 1951 will be graduated in May or August, 1954; and those entering January 28, 1952 will be graduated in August, 1954 or January, 1955, depending in each instance upon the degree of acceleration at which the student concerned can successfully pursue his studies.

It is optional with the student whether he pursues the accelerated program or the regular 4-year program. Successful pursuit of the accelerated program will call for sustained and concentrated study.

The accelerated program is in every respect equivalent to the regular 4-year program. Acceleration is accomplished by the elimination of the long summer vacations which feature the 4-year program, and in the case of the exceptionally capable student by increasing his semester load by one or two semester hours beyond the normal registration. (See Student Load.)

LOCATION

West Virginia Wesleyan College is located in Buckhannon, a city of about 6,000 inhabitants, near the geographical center of West Virginia. The Baltimore and Ohio Railroad, several bus lines, and national and state highways (U. S. 33 and 119, W. Va. 4 and 20) make West Virginia Wesleyan College easily accessible from all directions.

The fifty acre campus, which fronts on College Avenue between East Main and Meade streets, is shaded and beautified by a grove of native oaks and hundreds of other trees and shrubs planted by the founders and friends of the institution. The beauty of the campus is still further enhanced by its larger setting, the scenic foothills of the Alleghenies.

HISTORY

West Virginia Wesleyan College was founded in 1890 by the West Virginia Conference of The Methodist Episcopal Church under the title of The West Virginia Conference Seminary.

The founding and development of West Virginia Wesleyan College marked the successful culmination of the vigorous and persistent educational efforts of Methodists in what is now West Virginia. Earlier schools established here, and operated for a time, by Methodists during the nineteenth century included The Mt. Hebron School (later Marshall Academy, and now Marshall College), Asbury Academy (at Parkersburg), The Northwestern Virginia Academy (at Clarksburg), and The Fairmont Male and Female Seminary. But by the end of the Civil War period Methodists in West Virginia found themselves without a school. Marshall had become a state institution, and the others had ceased to function.

In 1886 the West Virginia Conference of the Methodist Episcopal Church organized the Board of Trustees of the West Virginia Conference Seminary, and instructed this Board to secure a charter, and select a location, for the proposed Seminary. Buckhannon was chosen as the site of the new school, a building was erected, and the first term was opened in September, 1890.

For fourteen years the West Virginia Conference Seminary operated as an academy, or preparatory school. In 1904, however, it became an institution of collegiate rank, known since as West Virginia Wesleyan College. For more than a decade after 1904 the College offered courses on both the academic and college levels, but due to the rapid rise of public high schools the academic phase of the curriculum rapidly diminished and soon disappeared.

In 1941 the West Virginia Conference of the Methodist Church, constituted by the unification of the Methodist Episcopal Church, The Methodist Episcopal Church, South, and The Methodist Protestant Church, ordered that West

Virginia Wesleyan College should be the only educational institution to be operated under its auspices. (By this action Morris Harvey College, owned and operated since 1889 by the Methodist Episcopal Church, South, acquired independent status.)

Throughout her history West Virginia Wesleyan College has sought to serve faithfully the Church to which she owes her existence, the nation, and the world, — by helping her students to synthesize scholarship and Christianity in the good life.[1]

RELIGIOUS LIFE

West Virginia Wesleyan College is deeply committed to the Christian way of life. The faculty is made up of Christian men and women. The student body represents various Christian churches. Each student is expected and urged to attend the church of his choice. Many students while in residence at Wesleyan unite with local churches, by transferring their membership. Students participate in the activities of local churches, rendering excellent service and developing skill and proficiency in Christian work.

A religious service is conducted each Thursday evening under the auspices of the Community Council Committee on Religious Activities.

A number of students do field work each summer in the churches of the state.

Wesleyan ministerial students regularly serve several Methodist charges in the vicinity of the College.

Of the 618 students in residence during the first semester of 1950-51, eighty-eight were preparing for the work of the Christian ministry, and twenty-two others were preparing for careers in Religious Education.

1. An application for admission, on form furnished by the College.

2. A transcript of high school record showing courses pursued, grades earned, credits amounting to at least 15 units (earned in grades 9 to 12), and a clear statement of applicant's standing in his graduating class (e.g., Third, in order of highest to lowest, in a graduating class of 141.)

Forms for use by applicants for admission may be obtained by addressing the Dean of the College.

Only students who have been in residence for at least one semester may apply for an examination to establish credit.

Only examinees who merit a grade of "C," or above, by their performance on such tests as the College may prescribe, may establish credit by examination. The faculty of the department concerned will determine the grade merited.

No credit may be established by examinations in upper level (300 and 400 series) courses.

No credit established by examination may apply toward the last thirty semester hours of degree requirements.

No credit may be established by examination in any course audited by the examinee.

No credit may be established by examination which duplicates credit already earned by the examinee.

A charge of $5.00 per semester hour is made for testing in each course in which an examinee undertakes to establish credit.

Interested persons should consult the Dean of the College.

PARTIAL CREDIT FOR STUDENTS CALLED INTO MILITARY SERVICE

Students who are called into military service, or who voluntarily enter military service, during any semester or summer term, and who have completed satisfactorily at least one-half of said semester or term, will be allowed credit for part of the semester or term satisfactorily completed, with no fractional credit other than one-half being allowed.

CREDIT FOR PROFESSIONAL TRAINING

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, enter an accredited professional school, and transfer back to West Virginia Wesleyan College enough credits in subjects approved by the Committee to complete the total number of credits required for a degree, — provided, he has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of two and one-half years of training in an approved school of nursing for the additional number of credits required for a degree, — provided, she has met fully all other degree requirements.

A student who has completed a minimum of 96 semester hours may, with the prior permission of the Committee on Academic Standing, substitute successful completion of not less than one year of training in an approved school for medical technologists for the additional number of credits required for a degree, — provided, he has met fully all other degree requirements.

REGISTRATION AND CLASSIFICATION

TIME OF REGISTRATION

Freshmen entering in September are required to register during Freshmen Week, September 14-18, 1951. All other students will register on Tuesday, September 18. All students entering at the beginning of the second semester, or at the opening of any summer term, will register on the day designated in the college calendar.

Except in cases of unavoidable delay, late registration is strongly discouraged. Students who enroll late will be required to reduce the number of hours for which they register, unless excused by the Committee on Admission and Academic Standing. A charge of $5.00 is made for late registration.

CHANGES IN REGISTRATION

Changes in registration can be made only with the approval of the Dean of the College, who in problematical cases will require the written consent of the student's counselor, and favorable action by the Committee on Academic Standing. In order to minimize changes, the student should consult his counselor, and, if necessary, the Dean of the College, before registering.

Changes in registration after the first week of a semester, or after the first three days of a summer term (of six weeks), must be approved by the Committee on Academic Standing.

No changes in registration, involving addition of new courses, may be made after the second week of a semester, or after the first week of a summer term (of six weeks). (See Withdrawal from Courses.)

A charge of $1.00 is made for each change in registration, except when required by the College.

PREREGISTRATION

Students in residence during any semester or summer term preregister for the ensuing semester and/or summer term on dates designated in College calendar. Since it is highly important that preregistration be complete, in order that provision may be made for enough textbooks, laboratory materials, and sections of classes, students are required, in their own interest, to preregister. A charge of $5.00 is made for failure to preregister on dates designated.

STUDENT LOAD

The normal student load is sixteen credit hours per semester, or six hours per summer term (of six weeks). Students who are working part time, or who are failing to maintain a satisfactory scholastic record, are advised to carry loads lighter than the average. The Committee on Academic Standing may require the poor student to lighten his load. No student may register for more than sixteen credit hours in any one semester, or more than six in any one summer term (of six weeks), without the consent of this Committee. No student may register for more than eighteen credit hours in any one semester, or for more than seven in any one summer term (of six weeks).

WITHDRAWAL FROM COURSES

A student will be permitted to withdraw from a course only during the first half of a semester, or summer term, and only when the circumstances fully justify this procedure. In order to withdraw from a course, a student must obtain the written permission of the Dean of the College, who in problematical cases will require the written consent of the student's counselor, and favorable action by the Committee on Academic Standing.

If the student is doing passing work when he is granted permission to withdraw, WP (withdrew passing) is entered on his record. Otherwise, WF (withdrew failing) is entered.

If a student discontinues a course without permission of the Dean of the College, F (failure) in entered on his record.

COURSES REPEATED

A course in which the final grade is either a D or an E may be repeated with the permission of the Committee on Standing. Whenever a course is repeated, both the first grade received and the grade in the repeated course, with their related hours and quality points, shall remain a part of the permanent record. The total number of hours and points required for graduation will be increased accordingly.

CLASSIFICATION

When a student has met all entrance requirements, and has completed his registration, he becomes a freshman; when he has earned 24 semester hours of credit and 48 quality points, he becomes a sophomore; when he has earned 56 semester hours of credit and 112 quality points, he becomes a junior; and when he has earned 88 semester hours of credit and 176 quality points, he becomes a senior.

EXPLANATION OF GRADES AND QUALITY POINTS

Grades	*Explanation*	*Quality Points*
A	Excellent	4
B	Good	3
C	Average	2
D	Poor	1
F	Failure	0
I	Incomplete	0
E	Condition	0
WP	Withdrew Passing	0
WF	Withdrew Failing	0

Further explanation of I: If a student who has been making a passing grade can not complete his work in a course on account of illness or other sufficient reason, an I (incomplete) is entered temporarily on his record. A course recorded as incomplete must be completed within the first six weeks of the next semester, except when an extension of time is granted by the Committee on Standing. Otherwise, the I automatically becomes F.

Further explanation of E: If a student has failed by a small margin to merit a passing grade in a course, an E (condition) may be entered temporarily on his record. A condition must be removed within the first six weeks of the next semester, except when an extension of time is granted by the Committee on Standing. If the condition is so removed, the final grade of D is entered on the student's permanent record. Otherwise, the E automatically becomes F.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

SCHOLARSHIP QUOTIENT

The term "scholarship quotient" is used to indicate the ratio of the total of quality points earned by a student to the total of semester hours for which he has registered, excepting (1) courses from which he has withdrawn passing, and (2) courses in process.

AUDITORS

A person desiring to audit a course must obtain permission from the Dean of the College, register as an auditor, and pay the auditor's instructional charge for the course. (See Expenses.)

Auditors take no examinations, submit no written work, do no laboratory work, and receive no credit for courses audited.

THE WARNED LIST

A student who fails during any semester to maintain on total record a scholarship quotient of 2.00 or above, or fails to make passing grades (A, B, C, or D) in at least three-fourths of the hours for which he was registered, will be placed on the warned list for the next semester in which he is in attendance, and notice thereof will be given to the student, his parents, and all members of the faculty and administration of the College.

While a student is on the warned list, he is ineligible for election or appointment to any office in any campus organization; for appointment to membership on any Community Council committee; for participation in any time-consuming extracurricular activity; for earning points toward the Wesleyan Key; or for receiving any grant in aid, workship, or scholarship.

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

ACADEMIC PROBATION

A freshman who fails during any semester to maintain on total record a scholarship quotient of 1.00, or above, will be placed on academic probation. A sophomore who fails during any semester to maintain on total record a scholarship quotient of 1.50, or above, will be placed on academic probation. A junior who fails during any semester to maintain on total record a scholarship quotient of 1.80, or above, will be placed on academic probation. A senior who fails during any semester to maintain on total record a scholarship quotient of 2.00, or above, will be placed on academic probation.

A student on academic probation who fails during one semester of probation to attain the scholarship quotient indicated above may be discontinued because of poor scholarship.

When a student is placed on academic probation, the following type of entry will be made on his permanent record:

Placed on academic probation. 1/28/50.

When a student on academic probation has attained the scholarship quotient indicated above, the following type of entry will be made on his permanent record:

Removed from academic probation. 5/30/50.

All students on academic probation are also on the Warned List, and are subject to all the ineligibilities listed thereunder. (See Warned List.)

For purposes of this section, a summer session (of twelve weeks) will be treated as a semester.

DISCIPLINARY PROBATION

A student who fails in any matter of conduct to conform to the ideals and standards the College seeks to maintain may be placed on disciplinary probation for a stated period; or, if his failure is judged to be sufficiently serious, may be required to withdraw.

A student on disciplinary probation who fails during the period of probation to conform to the ideals and standards the College seeks to maintain may be required to withdraw.

When a student is placed on disciplinary probation, the following type of entry will be made on his permanent record:

Placed on disciplinary probation. 11/7/49.

When the conduct of a student on disciplinary probation has been satisfactory throughout the period of probation, the following type of entry will be made on his permanent record:

Removed from disciplinary probation. 5/30/50.

A student on disciplinary probation is subject for the period of probation to all the ineligibilities listed under the Warned List. (See Warned List.)

REPORTS TO PARENTS

At the middle and end of each semester, and at the end of each summer term (of six weeks), the College sends a report of each student's grades and attendance record to his parents. These reports are made in the interest of thorough understanding and unity of effort on the part of all persons interested in the education of each individual student.

ATTENDANCE REGULATIONS

1. Each student is responsible for regular attendance upon all classes.

2. Missing any class or laboratory session, or major portion thereof, constitutes an absence. Missing sessions because of late registration constitutes absences.

3. Instructors will at the end of each week report all absences during that week, or the fact that there were no absences during that week, to the Committee on Attendance.

4. Each instructor shall be responsible for handling problems of attendance.

5. When the total of a student's absences in any course exceeds the number of semester hours credit for which the student is registered in said course, said student shall become subject to suspension for negligence, at the discretion of the Committee on Academic Standing, unless excessive absences are found by the Committee on Attendance to have been due to extraordinary circumstances. (See Suspension for Negligence.)

When the total of a student's absences from Chapel exceeds two during any semester, said student shall become subject to suspension as above.

When the total of a student's absences from Assembly exceeds two during any semester, said student shall become subject to suspension as above.

6. If a student is absent from any examination, except a final examination, said student must pay a charge of $1.00 at the Business Office, present receipt therefor to the instructor, and then make up the examination as the instructor may direct. In the case of such absence from a final examination, the student must pay a charge of $5.00 at the Business Office, and make up the examination as above.

SUSPENSION FOR NEGLIGENCE

Students who incur an excessively large number of absences from any course(s), or who are otherwise grossly negligent of their studies, may be suspended therefor from the course(s) involved, or from all courses, by the Committee on Academic Standing, and for a period to be fixed by said Committee; or may be permanently discontinued by said Committee. Students so suspended, or discontinued, shall have F entered on their permanent records for the courses involved. (See Attendance Regulations, 5.)

REQUIRED WITHDRAWAL

West Virginia Wesleyan College reserves the right to require any student whose scholarship proves unsatisfactory, or whose presence jeopardizes in any way the ideals and standards the College seeks to maintain, to withdraw.

SERVICES

HEALTH SERVICE

The College maintains a health service for its students, as outlined below.

As one of the requirements for admission to the College each applicant must present at, or prior to, registration a health certificate executed by a practicing physician. Forms provided by the College must be used for this purpose.

Subsequent to admission every student is required to take at least one thorough physical examination annually. These examinations are made by the College physician as a part of the health service provided by the College.

Chest X-rays are provided annually for all students, all staff members, and all employees, through the cooperation of the West Virginia Department of Health, and are required of all persons listed.

Private homes providing room and/or board for students must obtain approval by the Health Committee.

A competent dietitian plans all menus for College dining rooms.

A registered nurse, employed full time, keeps regular office hours at the College, inspects food service and housing facilities, and is subject to call as her services are needed.

The College physician keeps regular office hours at the College, and is subject to call as his services are needed. The College provides his services so far as minor and occasional illnesses are concerned.

The College does not assume responsibility for prolonged or specialized medical care or for hospitalization.

The Leonard Memorial and St. Joseph's hospitals, located in Buckhannon, afford good facilities and services.

TESTING SERVICE

In order to provide counselors, instructors, and the student himself with reliable information about his individual ability, aptitudes, achievement, progress, vocational

interests, and significant personality traits, the College maintains a well planned testing program.

Entering freshmen, prior to registration, take the following standard tests: (1) American Council on Education Psychological Examination, (2) Cooperative English Test, (3) Cooperative General Achievement Tests (Social Studies, Natural Sciences, Mathematics), (4) Cooperative Contemporary Affairs Test for College Students, (5) Strong Vocational Interest Inventory, and (6) a personality inventory. The results of these tests are used in counseling, sectioning, etc., in an effort to adapt instruction to each student's individual needs.

Late in the sophomore year all students participate in the National College Sophomore Testing Program, sponsored by the American Council on Education. The results of these tests, together with results of other tests in special fields, afford an accurate indication of the student's relative standing among the college sophomores of the nation. Such information is invaluable to the student in choosing a field of concentration, and a vocation, in keeping with his particular pattern of competence.

Seniors approaching graduation take the Graduate Record Examination, consisting of (a) general tests, taken by all, in Biology, Chemistry, Fine Arts, Literature, Mathematics, Physics, Social Studies, and Verbal Factor, and (b) advanced tests taken by each student in his major field only. The results of these tests are very valuable to the student in helping him determine the position for which he is best suited, or decide whether he should undertake graduate study. The Graduate Record Examination is required of applicants for admission to a large, and increasing, number of graduate schools.

Near the end of the senior year, each student must, as a requirement for graduation, pass a written comprehensive examination in his major field of concentration.

This testing program supplements the tests given by instructors in specific courses. It also provides factual data on the basis of which the College undertakes continuous evaluation and improvement of its curriculum.

COUNSELING SERVICE

Each student is advised during his freshman and sophomore years, or until he has selected a field of concentration, by a member of the Counseling Committee. After he has selected a field of concentration, his instructors in this field serve as his counselors.

It is the aim of counselors to study the individual student, and to assist him in his growth toward well integrated adulthood. On the basis of tests, interviews, and social contacts, counselors advise the student and assist him in the solution of his various problems.

PLACEMENT SERVICE

West Virginia Wesleyan College maintains a Placement Service to assist its students and alumni in finding employment. Persons who wish to avail themselves of this service should file with the College the information for which its forms provide. Address the Placement Service.

DEGREES AND REQUIREMENTS FOR GRADUATION

Students should be thoroughly familiar with, and must assume responsibility for meeting, degree requirements. A simplified list of all such requirements is available at the Office of the Dean of the College.

(This regulation also applies to requirements for teachers certificates, and other specialized curricula.)

DEGREES AWARDED

West Virginia Wesleyan College confers three academic degrees: Bachelor of Arts (upon graduates majoring in Biblical Literature, Education, English, Fine Arts, Foreign Language, History and Political Science, Music, Philosophy, Psychology, Religious Education, Sociology, or Speech and Dramatic Arts); Bachelor of Music Education (Music); and Bachelor of Science (upon graduates majoring in Astronomy, Geography and Geology; Biology; Business Administration; Chemistry; Economics; Home Economics; Mathematics; Physics; or Physical Education.)

SEMESTER HOURS

In order to qualify for a degree a student must earn a minimum of one hundred and twenty-eight semester hours of credit. A semester is a sixteen-week term. QUALITY POINTS

In order to qualify for a degree a student must maintain at least a C average, that is, he must maintain a minimum scholarship quotient of 2.00. (See Explanation of

Grades and Quality Points, and Scholarship Quotient.) A minimum scholarship quotient of 2.00 must be maintained in upper level courses.

RESIDENCE

In order to qualify for a degree a student must spend at least thirty-two weeks, and earn at least thirty semester hours of credit and sixty quality points, in residence at West Virginia Wesleyan College. All classes meeting on the campus (as distinguished from extension classes) carry "in residence" credit.

The residence requirements must be met during the student's *last* thirty-two weeks in college prior to the awarding of his degree, unless excused for extraordinary reasons by the Committee on Admission and Academic Standing.

In order to guarantee to all students some degree of broad orientation in the liberal arts, West Virginia Wesleyan College requires all candidates for degrees to earn the following credits:

Division 1: Languages, Literature, and Arts

In his major subject the student must earn a minimum of twenty-four semester hours credit and twice as many quality points as semester hours. At least twelve of the semester hours and twice as many quality points as semester hours must be earned in upper level courses.

In each of his minor subjects the student must earn a minimum of fifteen semester hours of credit and twice as many quality points as semester hours.

No more than forty semester hours of credit in any one department may be counted toward the one hundred and twenty-eight hours required for graduation. (An exception to this rule is made in the case of candidates for the degree of Bachelor of Music Education, who may count toward degree requirements a maximum of sixty-eight semester hours in Music. Candidates for the degree of Bachelor of Arts with a major in Music may count toward degree requirements a maximum of fifty semester hours of Music.)

COMPREHENSIVE EXAMINATIONS

In order to qualify for a degree a student must pass a written comprehensive examination in his major field of concentration. (See Testing Program.)

DEGREES WITH DISTINCTION

Students who complete all degree requirements with a scholarship quotient of 3.50 to 3.74 will be graduated *cum laude;* those who complete all such requirements with a scholarship quotient of 3.75 to 3.99 will be graduated *magna cum laude;* and those who complete all such requirements with a scholarship quotient of 4.00 will be graduated *summa cum laude,* — provided, that the scholarship quotient in each instance shall be, in the judgment of the Committee on Academic Standing, corroborated by scores on National Sophomore Testing Program and/or the Graduate Record Examination. Degrees with distinction must be approved by the Committee on Academic Standing.

APPLICATION FOR DEGREE

At least twelve months prior to anticipated completion of degree requirements, each candidate for a degree should file at the Office of the Dean of the College an application for a degree. Failure to do so may result in postponement of graduation.

Persons desiring to audition should notify the Dean of the College on or before April 15, 1951.

GRANTS IN AID

West Virginia Wesleyan College awards annually a limited number of grants in aid, ranging from $50.00 to $150.00 each. These awards are made on the basis of character, scholarship, and need, and are applicable against college charges only, one half each semester.

Students awarded grants in aid are required to carry a study load of at least ten credit hours each semester.

A grant in aid will lapse at the end of any semester in which the awardee fails to maintain a minimum scholarship average of C.

Grants in aid are administered by the Committee on Student Aid.

SOURCES OF FUNDS FOR STUDENT AID

Funds for scholarships and grants in aid are derived in part from the income from endowments established for this purpose by alumni and other benefactors of the College, and in part from current contributions for this purpose by persons interested in aiding highly deserving young men and women in obtaining a college education under Christian auspices.

WORKSHIPS

West Virginia Wesleyan College awards semester by semester a limited number of workships to students well qualified to serve as assistants in laboratories, library, and offices; as assistant hostesses in residence halls; as waiters in dining halls; etc.

Workships vary in amount with the character of the work assigned, and with the amount of time required.

Students awarded workships are required to carry a study load of at least ten credit hours each semester, to maintain a minimum scholarship average of C, and to per-

form satisfactorily (promptly, efficiently, and courteously) tasks assigned.

Workships are administered by the Committee on Student Aid.

FIELD WORK IN CHURCHES

A few well qualified students may earn credit toward their instructional charges by performing satisfactorily during the summer vacation such field work in the churches of the West Virginia Annual Conference as may be approved by the faculty of Division III and the Executive Secretary of the Conference Board of Education. Remuneration for such work is $25.00 per week, for a period not to exceed six weeks in any one year. The amount earned is divided equally between the first and second semesters.

LOANS

A number of loan funds, including the Methodist Student Loan Fund, are available to students in West Virginia Wesleyan College. Loans are made to students of good character who maintain satisfactory scholarship, provide required recommendations, establish financial responsibility, and sign promissory notes obligating themselves to repayment of principal with interest within a specified time.

METHODIST STUDENT LOAN FUND. The Board of Education of the Methodist Church makes loans to Methodist students. These loans are not available until after the student has completed one semester of college work.

Qualified freshmen may borrow as much as $150.00 during their second semester; sophomores, as much as $100.00 per semester; juniors, $125.00 per semester; and seniors, $150.00 per semester. However, no student may borrow a total of more than $750.00.

ENDOWED LOAN FUNDS. The income from certain endowments is available to deserving and responsible students.

All loans, except those made from the Methodist Student Loan Fund, must be approved by the Committee on Student Aid and the Executive Committee of the Board of Trustees.

EMPLOYMENT

The city of Buckhannon affords students a limited number of opportunities for part time employment.

APPLICATIONS FOR AID

Applications for workships, grants in aid, and loans must be made on forms provided by the College. Only students in residence, former students, and persons submitting applications for admission may file applications for aid.

No student is eligible for more than one scholarship, workship, or grant in aid, with the single exception that a student receiving any of these forms of aid may also apply for a Methodist student loan.

Inquiries regarding all forms of aid should be addressed to the Committee on Student Aid.

CAMPUS IN AUTUMN

CAMPUS IN SUMMER

SUMMER SESSION

West Virginia Wesleyan College conducts annually a twelve-week summer session, consisting of two terms of six weeks each. The summer session is of special interest to (1) teachers in service in public schools, who find it highly advantageous to raise their level of certification, or necessary to renew present certificates, (2) veterans, who are eager to complete as soon as possible their studies interrupted or delayed by World War II, (3) other students pursuing an accelerated program (See Accelerated Program), and (4) entering freshmen.

The first of the two summer terms for 1951 begins on June 4, and ends on July 13; the second begins on July 16, and ends on August 24. Students may attend either term, or both. (See Student Load.)

High School graduates intending to enter college in 1951 are advised to enter at the beginning of the first summer term. Those who enter on June 4, 1951, and pursue successfully the accelerated program will be graduated in January or May, 1954, depending upon the degree of acceleration at which each can successfully pursue his studies. If the same persons should enter college in September, 1951, and omit summer sessions, they could not be graduated before May, 1955. It is therefore, possible to save from one year to one and one-half years in completing one's college course by taking full advantage of summer sessions, and at the same time to effect some reduction in the total cost of one's college course.

Veterans of World War II must begin their studies under the Servicemen's Readjustment Act by July 25, 1951, and remain in school continuously thereafter, or lose all educational benefits provided under said Act. There are four groups who constitute exceptions to this regulation—namely, (1) those who, having begun their studies under said Act, interrupt their studies to re-enter the armed services; (2) those who have completed premedical or predental studies, but have not been able to obtain admission to a school of medicine or dentistry by July 25, 1951; (3) those

who are teachers, and who spend their summers completing studies leading to a degree, and (4) those who have completed undergraduate studies and intend to pursue graduate studies which begin after the deadline date.

The summer session of 1951 provides veterans who have not begun their studies under the Servicemen's Readjustment Act their last opportunity to do so. Such veterans are advised to enter on June 4. It will be possible, however, to enter as late as July 16, 1951.

Summer session courses are taught by regular members of the College faculty, and are in all respects equivalent in scope and thoroughness to courses offered on the usual semester basis.

The courses offered in the summer session are selected and arranged to meet the needs of entering freshmen, students pursuing the accelerated program, teachers in service, and veterans.

College residence halls remain open for the summer session. (See Buildings and Equipment.)

Charges for instruction, room, board, etc. during summer session are listed elsewhere in this *Bulletin.* (See Expenses.)

Schedules for the 1951 summer session appear on the pages that follow.

EXPLANATION OF COURSE NUMBERS

Courses for freshmen (the 100 series) and sophomores (the 200 series) constitute the lower level of the curriculum. All required courses are located on the lower level, and should be completed, as far as possible, by the end of the student's sophomore year.

Courses for juniors (the 300 series) and seniors (the 400 series) constitute the upper level of the curriculum. In order to qualify for a degree, a student must earn at least forty-five semester hours of credit and at least twice as many quality points as semester hours in upper level courses. In his major field the student must earn at least twelve semester hours of credit and at least twice as many quality points as semester hours in upper level courses.

Courses bearing odd numbers are usually given during the first semester, and those bearing even numbers during the second semester. Whenever a course bearing an odd number is given in the second semester, or a course bearing an even number in the first semester, an "r" is added to the number of the course on class schedules and permanent records.

In general, freshmen should enroll for courses in the 100 series, sophomores for courses in the 200 series, etc. The student must obtain the permission of the Dean of the College and of the instructor in the course in order to enroll in a course below his classification; and he must obtain the permission of the same persons, and must have earned credit for the prerequisites, if any, in order to enroll in a course above his classification.

CLASS SIZE

In order to guard against economic inefficiency on the one hand, and ineffective instruction on the other, no classes in which registration is less than five will be taught, and classes in which registration exceeds forty will, if possible, be divided into sections. Under unusual circumstances the Curriculum Committee may permit exceptions.

PREPROFESSIONAL AND VOCATIONAL COURSES

West Virginia Wesleyan College provides preprofessional education for students of Business Administration, Dentistry, Dietetics, Education, Engineering, Journalism, Law, Library Science, Medical Technology, Medicine, Nursing, Occupational Therapy, Optometry, Pharmacy, Physical Therapy, and Religion. (See Credit for Professional Training.)

In three fields, — business administration, the ministry, and teaching, — the College provides enough professional training to enable the graduate to enter his profession, although in the case of candidates for the ministry graduate study is strongly urged.

A number of three-year courses, which can often be completed in two calendar years by moderate acceleration, will meet the degree requirements of West Virginia Wesleyan College when supplemented with at least one year of successful study in an approved professional school. (See Credit for Professional Training.)

OUTLINES OF COURSES

In order to provide students a plan of studies required, or recommended, in preparation for various professions and vocations, a number of outlines are included in the pages that follow.

These outlines are not to be regarded as rigid prescriptions, allowing of no exceptions or modifications. With faculty counsel, some departures, or rearrangements, will occasionally be wise.

In the case of outlines that do not provide fully for major and minor concentrations, electives should be used to complete concentration requirements. (See Concentration.)
